To

The Deputy Secretary to Government of Bombay,
Relief and Rehabilitation Department.
Bombay..

Subject :- Refugees.

Grant of loans to -
Applicant - Tajinder Singh.

As per Government Resolution Relief and Rehabilitation Department No. R.39-B dated 27-10-1948 individual requests for loans to refugees, which are to be treated as exceptional are to be reported to Government for sanction.

One Mr. Tajinder Singh who is a registered refugee has requested for a loan of Rs. 2000/- to enable him to start a tailoring business at Belgaum where he desires to settle permanently. He came here from West Punjab along with his family consisting of his father, mother, two sisters and three younger brothers. While in Panjab he was doing tailoring business for about five years and has also served as a clerk in the M.T.S. Department Chaklala for five years. He lost all his property worth about Rs. 28000/- in Pakistan, for which he has submitted his claim to India Government. He requests that a loan of Rs. 2000/- would enable him to pursue his former avocation of tailoring and be able to maintain his family. He is a displaced person and has no other source of livelihood. He has produced two witness in support of his good behaviour and past solvency and has also given two sureties for the loan. The sureties are Havildar clerks in the I.G.S.G. Records, Belgaum and the Record Officer has certified that the sureties are solvent.

The applicant being a displaced person and a man of big family deserves the grant of a loan. He is willing to hypothecate to Government all the machines and tools that he would purchase from the amount of loan. His case is therefore

His case is, therefore, recommended as an exceptional one. It is, therefore requested that the loan of Rs. 2000/- asked for by the applicant may kindly be sanctioned early. When the loan is sanctioned the amount will be paid to him out of the grant of Rs. 10000/- placed at my disposal under G.R.Political and Service Department No. 653-XXV dated 27-4-1948.

His case is, therefore, recommended as an exceptional one. It is, therefore, suggested that a sum of Rs. 1000/- be paid for by the applicant very kindly be sanctioned early. When the sum is sanctioned the amount will be paid to him out of the grant of Rs. 1000/- placed at my disposal under G.H. Official and Service Department No. 685-XV dated 25-4-1960.

The application of Mr. T. J. Singh is enclosed.

The Collector of Belgaum has recommended that Mr. Tajinder Singh may be given a loan of Rs.2000/- for starting tailoring ^{Shop} ~~business~~. The applicant has given two sureties for the loan and is prepared to execute a mortgage bond for machines & tools purchased by him from the loan given to him. Under G.R. P.&S.D. No.653-XXV dated 27.11.48, We have placed an amount of Rs.10,000 at the disposal of the Collector for granting loans but it appears no loans have been granted from this amount. There are not many refugees in Belgaum and it is unlikely ^{that} ~~any~~ a cooperative Society can be formed for doing this type of business. There are therefore a good grounds for making this an exceptional case. It appears from these papers Mr. Tajinder Singh did tailoring work for 5 years but thereafter he joined as a clerk in M.T.S. Department. When he came over to India, he was not doing tailoring work but was serving as a clerk. Before a loan is granted, it is therefore necessary to ~~ascertain~~ ^{ascertain} why he had to give up tailoring business in Punjab and also whether he will be able to conduct the business on sound basis at this interval of time. If the loan is granted and he is unable to carry on, the ^{purpose} ~~portion~~ of treating this case as an exceptional ~~he~~ would be nullified. If approved, the Collector may be advised to make inquiries on the above lines before taking the final decision.

I do not think any further
ref. to the collector is necessary.
The collector's report clearly shows that
the loan if advanced is fully secured.
He is also satisfied that the man was
doing the business in real earnest and
that he deserves a loan.
The collector's proposal is approved
to be put before the committee.

The proposal made by the R.R.D. may be agreed to. It is presumed that the loan will bear interest at 3% and that no interest will be charged for the first year. No recovery will be made in the first year. The loan may be repaid within four years from the date of disbursement of loan. Loans on these conditions are given to individual refugees for starting industries vide R.R. P.D. No. W.653-xxv de. 4-3-48.

In R.R. R.R.D. No. R-39-B de. 9-8-48 it is stated that loans to individuals should be given only in exceptional cases. and that the assistance should be in the form of machinery, tools etc. necessary for the process of resettlement and not in cash. It is therefore, presumed that the R.R.D. proposes to follow this rule in the present case as well.

Presumption made at A above is correct. In fact there are the conditions for grant of loan to displaced persons and no departure from these conditions was contemplated. The case was referred to the FD for consideration. It was proposed to
